Beyond Bridal

KAELA KAY x Tiffany Pratt

Introducing Beyond Bridal.

The bridal wear collection that allows brides to select special pieces to wear on their wedding day - that can be worn again and again. Why store your wedding gown in a box when you can celebrate your special day every day?

Beyond Bridal - a collaboration of love, intentional design, and longevity.

Come play with us and mix and match the pieces with our paper doll dresses. Snip out the pieces and fold the tabs over the cut-out doll's shoulders. Have fun!
